

THE HUBER MARIONETTES

ART IN ENTERTAINMENT

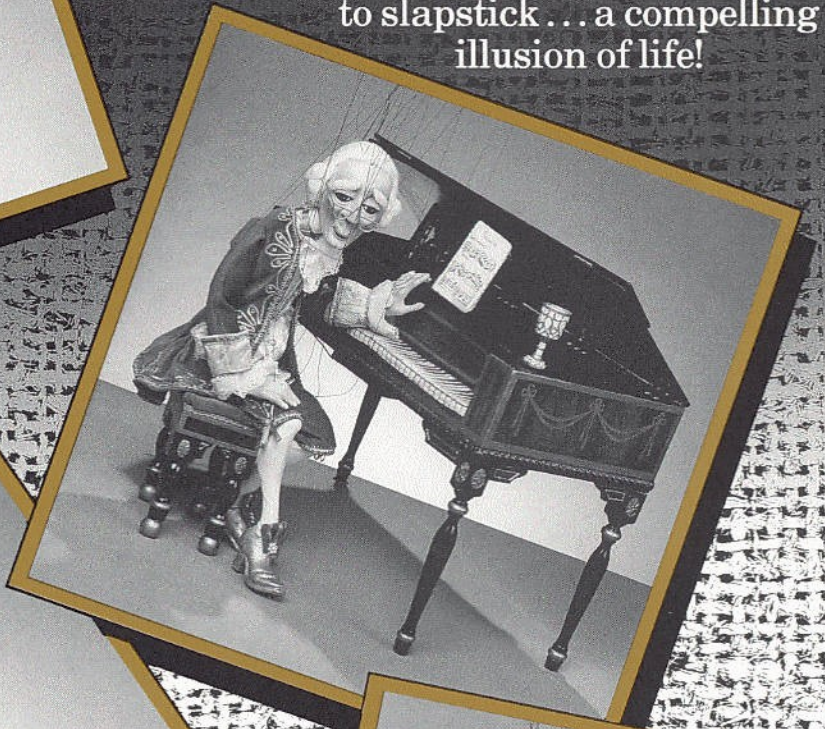

Phillip Huber...
*one of America's foremost
puppeteers.*

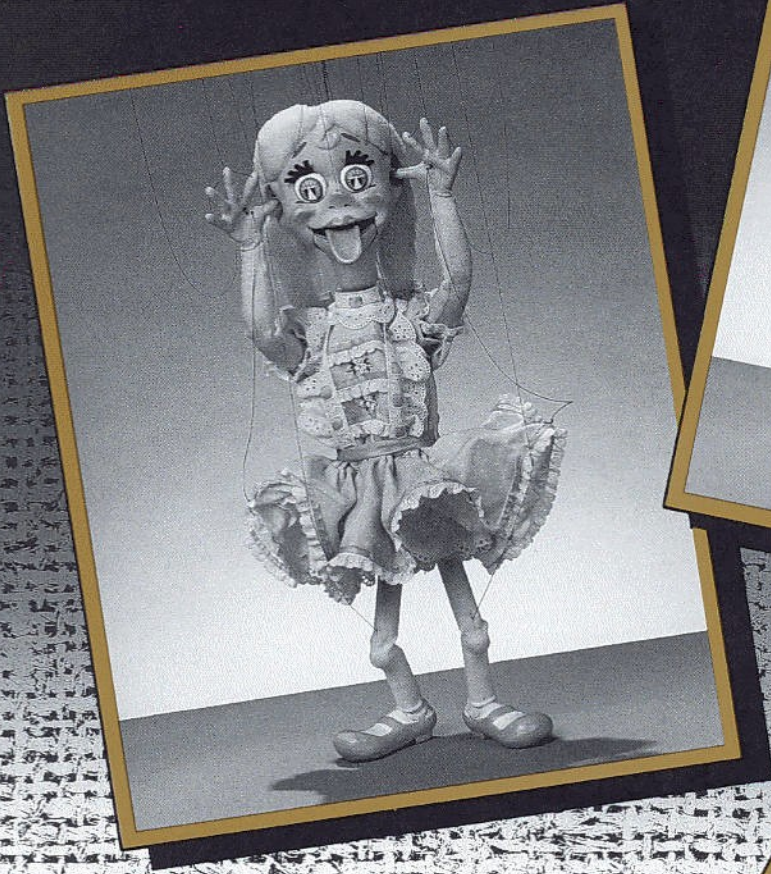

Presenting a marionette
revue shimmering with
nuance, sophistication
and imagination.

Peopled with stylized characters
of exquisite detail and design.

Their antics range from graceful
to slapstick... a compelling
illusion of life!

The marionette revue takes place on its own beautifully appointed, portable stage. Mounted on retractable wheels, it rolls into position in 10 seconds.
